

Relationships Education and Health Education Policy

Prepared By:	Name: DCEO - Education		
Approved By:	Name: CEO	Date:	Date: September 23
Start Date:	Date: September 22	Review Date:	Date: September 24

INTRODUCTION AND STATUTORY GUIDANCE

This Policy is written in line with the Relationships Education, Relationships and Sex Education (RSE) and Health Education Statutory Guidance September 2020. The policy has been produced in partnership with Hamwic Education Trust.

As a first school we are required to teach Relationships Education and Health Education (RHE).

The statutory guidance used to inform this policy is listed below

- As a primary academy school we must provide relationships education to all pupils as per section 34 of the [Children and Social work act 2017](#).
- We do not have to follow the National Curriculum but we are expected to offer all pupils a curriculum that is of similar breadth and depth to the National Curriculum. This includes the requirement to teach the elements of sex education contained in the science curriculum. At Springdale First School, we follow the national curriculum for science.
- In teaching Relationships and Health Education, we are required by our funding agreements to have regard to [guidance](#) issued by the secretary of state as outlined in section 403 of the [Education Act 1996](#).

DEFINITIONS AND KEY AREAS OF TEACHING

Relationship Education

Relationship Education will focus on teaching the fundamental building blocks and characteristics of positive relationships, with particular reference to friendships, family relationships, and relationships with other children and adults.

All teaching will reflect the Equality Act 2010 ensuring there is no discrimination for any pupil or family with protected characteristics. This does not prevent church schools from teaching about a faith perspective regarding relationships as part of the wider teaching.

Children will be taught in an age-appropriate way about the characteristics and values of healthy relationships, including area such as differences, boundaries, respect, trust and kindness. Teaching will focus on both face-to-face and online relationships recognising the significance of the digital world we now embrace. Teachers will also take all opportunities to discuss positive emotional and mental well-being with children. The characteristics that will be taught are also reflected in the school values of:

- Perseverance & Persistence
- Reflective & Resourceful
- Inquisitiveness & Independence
- Drive & Determination
- Enthusiasm & Excellence

Learning will be planned to meet the objectives set out in the Relationships Education, Sex Education (RSE) and Health Education Statutory Guidance 2020 (see appendix 1), under the broad headings of

- Families and people who care for me
- Caring friendships
- Respectful relationships
- Online relationships
- Being safe

The Science Curriculum - body changes and life cycles

Sex Education beyond the requirements of the science national curriculum is not compulsory in primary schools; however, we recognise the importance of preparing children well for secondary school. At

Springdale First School, children will be taught about puberty as set out in the expectations of the science National Curriculum. In line with year group expectations, children will learn about external body parts, changes in the human body from birth to old age, and reproduction in some plants and animals. In our school, we only teach the body changes and life cycles required by the science national curriculum. As a consequence, parents do not have the right to withdraw children from these scientific lessons. We recognise that during such lessons, children may have questions as a result of their learning. We are mindful that unanswered questions often lead to misconceptions and will aim to avoid this where possible. When questions arise, they will be dealt with as follows.

- Questions directly linked with the science taught will be answered factually for the class of individual. Children will be given the opportunity to write anonymous questions submitted via a question box
- Questions of a personal nature directly linked to the teaching may need to be dealt with by talking directly to the child with an additional adult also present. If deemed necessary, teachers will inform parents of the questions asked. Wherever possible, questions will be answered in front of all pupils via the question box.
- Where a question relates to sex education beyond the scientific teaching, children will be advised to ask their parents or carers.

Physical Health and mental wellbeing

Health and wellbeing education will focus on the characteristics of good physical health and mental wellbeing. It will include aspects such as the importance of exercise, good nutrition and the normal range of emotions we experience. Pupils will be taught about moderation, including online and the positive two-way relationship between good physical health and good mental wellbeing.

Learning will be planned at an age appropriate level to meet the objectives set out in the Relationships Education, Sex Education (RSE) and Health Education Statutory Guidance 2020 (see appendix 2), under the broad headings of

- Mental wellbeing
- Internet safety and harms
- Physical health and fitness
- Healthy Eating
- Drugs, alcohol and tobacco
- Health and prevention
- Basic first aid
- Changing adolescent body

RELATIONSHIPS AND HEALTH CURRICULUM DELIVERY

Relationships and Health Education (RHE) is taught through weekly lessons linked to the JIGSAW personal, social and health education programme. An overview of the broad topics covered and the linked Relationship and Health objectives can be found in appendix 3.

Biological aspects of sex education are taught within the science curriculum in line with the age expectations set out in the National curriculum. A number of aspects of the RHE link closely to science, computing, PE and DT. Where this is the case, messages will be reinforced within these subjects (appendix 4).

The areas of learning are taught within the context of family life taking care to ensure that there is no stigmatisation of children based on their home circumstances (families can include single parent families, LGBT parents, families headed by grandparents, adoptive parents, foster parents/carers amongst other structures) along with reflecting sensitively that some children may have a different structure of support around them (for example: looked after children or young carers).

We are mindful that some children with SEND may need additional support to understand the themes and learning within the relationships and health education curriculum. Teachers will draw on their knowledge of the child to ensure learning is differentiated appropriately.

We will keep abreast of local contextual issues and support these through our curriculum where possible.

In Poole we are mindful of the Local Authority plan to tackle health inequalities and promote health and well-being, particularly in areas of higher deprivation. 5,350 children and young people aged 0-25 in BCP (5% of the population) live in the 10% most deprived areas in England. The Children and young people plan 2021-2024 has identified a number of key areas of focus which include: children and young people being fulfilled, happy, included. [Enc. 1 for The BCP Children and Young Peoples Plan.pdf \(bcpcouncil.gov.uk\)](#)

In Dorset, depression and suicide figures remain above national averages for England, reflecting a growing problem of mental health for people of all ages. Whilst crime rates in Dorset are lower than national placing 7th in the county statistics we know that in 2022 violence towards others and sexual offenses accounted for a high proportion of crimes committed. The impact of these crimes on families and young people is significant. The council will be concluding their 2020-2023 well-being and mental health strategy at the end of the year.

ROLES AND RESPONSIBILITIES

The governing body

The governing body will consult parents, suggest amendments to the headteacher and approve the RHE policy. They will hold the headteacher to account for its implementation.

The headteacher

The headteacher is responsible for ensuring that RHE is taught consistently across the school, and for managing requests to withdraw pupils from any non-scientific components of sex education (in line with the science national curriculum).

The Headteacher will determine whether any aspects of the curriculum will be delivered by professionals outside of the school (e.g., the school nurse may deliver information about menstruation).

Staff

Teaching staff are responsible for:

- Delivering Relationships and Health Education in a sensitive way and in accordance to their year group expectations
- Modelling positive attitudes to Relationships and Health Education
- Monitoring progress
- Responding to the needs of individual pupils
- Responding appropriately to pupils whose parents wish them to be withdrawn from non-statutory components of RSE and Health Education

Staff do not have the right to opt out of teaching RHE. Staff who have concerns about teaching RHE are encouraged to discuss this with the headteacher.

The leader for RHE at Springdale First School is Mrs Johnston.

Pupils

Pupils are expected to engage fully in RHE and, when discussing issues related to RHE, treat others with respect and sensitivity.

TRAINING

Staff are trained on the delivery of RHE and biologic aspects of the science curriculum as part of their induction and it is included in our continuing professional development calendar. Staff have access to the RHE Policy and revisit this when changes occur.

The headteacher will also invite visitors from outside the school, such as school nurses or sexual health professionals, to provide support and training to staff teaching RHE.

MONITORING OF RHE

The delivery of RHE is monitored by Senior Leaders and the RHE leader through:

- Planning scrutiny
- Lesson observation
- Analysis of pupils work and discussions with pupils
- Monitoring of SEN plans and IEPs where appropriate
- Sampling of pupils' end of year reports
-

Pupils' development in RHE is monitored by class teachers as part of our internal assessment systems.

This policy will be review annually and will require approval by the governing body.

APPENDIX 1 – Expectations for Relationships Education

<p>Families and people who care for me</p>	<p>Pupils should know</p> <ul style="list-style-type: none"> • that families are important for children growing up because they can give love, security and stability. • the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. • that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. • that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. • that marriage¹ represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong. • how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed.
<p>Caring friendships</p>	<p>Pupils should know</p> <ul style="list-style-type: none"> • how important friendships are in making us feel happy and secure, and how people choose and make friends. • the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties. • that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. • that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right. • how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed.
<p>Respectful relationships</p>	<p>Pupils should know</p> <ul style="list-style-type: none"> • the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs. • practical steps they can take in a range of different contexts to improve or support respectful relationships. • the conventions of courtesy and manners. • the importance of self-respect and how this links to their own happiness. • that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority.

	<ul style="list-style-type: none"> • about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. • what a stereotype is, and how stereotypes can be unfair, negative or destructive. • the importance of permission-seeking and giving in relationships with friends, peers and adults.
Online relationships	<p>Pupils should know</p> <ul style="list-style-type: none"> • that people sometimes behave differently online, including by pretending to be someone they are not. • that the same principles apply to online relationships as to face-to-face relationships, including the importance of respect for others online including when we are anonymous. • the rules and principles for keeping safe online, how to recognise risks, harmful content and contact, and how to report them. • how to critically consider their online friendships and sources of information including awareness of the risks associated with people they have never met. • how information and data is shared and used online.
Being safe	<p>Pupils should know</p> <ul style="list-style-type: none"> • what sorts of boundaries are appropriate in friendships with peers and others (including in a digital context). • about the concept of privacy and the implications of it for both children and adults; including that it is not always right to keep secrets if they relate to being safe. • that each person's body belongs to them, and the differences between appropriate and inappropriate or unsafe physical, and other, contact. • how to respond safely and appropriately to adults they may encounter (in all contexts, including online) whom they do not know. • how to recognise and report feelings of being unsafe or feeling bad about any adult. • how to ask for advice or help for themselves or others, and to keep trying until they are heard. • how to report concerns or abuse, and the vocabulary and confidence needed to do so. • where to get advice e.g. family, school and/or other sources.

APPENDIX 2 – EXPECTATIONS OF HEALTH EDUCATION

Mental Wellbeing	<p>Pupils should know</p> <ul style="list-style-type: none"> • that mental wellbeing is a normal part of daily life, in the same way as physical health. • that there is a normal range of emotions (e.g. happiness, sadness, anger, fear, surprise, nervousness) and scale of emotions that all humans experience in relation to different experiences and situations. • how to recognise and talk about their emotions, including having a varied vocabulary of words to use when talking about their own and others' feelings. • how to judge whether what they are feeling and how they are behaving is appropriate and proportionate. • the benefits of physical exercise, time outdoors, community participation, voluntary and service-based activity on mental wellbeing and happiness. • simple self-care techniques, including the importance of rest, time spent with friends and family and the benefits of hobbies and interests. • isolation and loneliness can affect children and that it is very important for children to discuss their feelings with an adult and seek support. • that bullying (including cyberbullying) has a negative and often lasting impact on mental wellbeing. • where and how to seek support (including recognising the triggers for seeking support), including whom in school they should speak to if they are worried about their own or someone else's mental wellbeing or ability to control their emotions (including issues arising online). • it is common for people to experience mental ill health. For many people who do, the problems can be resolved if the right support is made available, especially if accessed early enough.
Internet safety and harms	<p>Pupils should know</p> <ul style="list-style-type: none"> • that for most people the internet is an integral part of life and has many benefits. • about the benefits of rationing time spent online, the risks of excessive time spent on electronic devices and the impact of positive and negative content online on their own and others' mental and physical wellbeing. • how to consider the effect of their online actions on others and know how to recognise and display respectful behaviour online and the importance of keeping personal information private. • why social media, some computer games and online gaming, for example, are age restricted. • that the internet can also be a negative place where online abuse, trolling, bullying and harassment can take place, which can have a negative impact on mental health. • how to be a discerning consumer of information online including understanding that information, including that from search engines, is ranked, selected and targeted. • where and how to report concerns and get support with issues online.
Physical Health and Fitness	<p>Pupils should know</p> <ul style="list-style-type: none"> • the characteristics and mental and physical benefits of an active lifestyle. • the importance of building regular exercise into daily and weekly routines and how to achieve this; for example, walking or cycling to school, a daily active mile or other forms of regular, vigorous exercise. • the risks associated with an inactive lifestyle (including obesity).

	<ul style="list-style-type: none"> • how and when to seek support including which adults to speak to in school if they are worried about their health.
Healthy Eating	<p>Pupils should know</p> <ul style="list-style-type: none"> • what constitutes a healthy diet (including understanding calories and other nutritional content). • the principles of planning and preparing a range of healthy meals. • the characteristics of a poor diet and risks associated with unhealthy eating (including, for example, obesity and tooth decay) and other behaviours (e.g. the impact of alcohol on diet or health).
Drugs, alcohol and tobacco	<p>Pupils should know</p> <ul style="list-style-type: none"> • the facts about legal and illegal harmful substances and associated risks, including smoking, alcohol use and drug-taking.
Health and prevention	<p>Pupils should know</p> <ul style="list-style-type: none"> • how to recognise early signs of physical illness, such as weight loss, or unexplained changes to the body. • about safe and unsafe exposure to the sun, and how to reduce the risk of sun damage, including skin cancer. • the importance of sufficient good quality sleep for good health and that a lack of sleep can affect weight, mood and ability to learn. • about dental health and the benefits of good oral hygiene and dental flossing, including regular check-ups at the dentist. • about personal hygiene and germs including bacteria, viruses, how they are spread and treated, and the importance of handwashing. • the facts and science relating to allergies, immunisation and vaccination.
Basic First Aid	<p>Pupils should know:</p> <ul style="list-style-type: none"> • how to make a clear and efficient call to emergency services if necessary. • concepts of basic first-aid, for example dealing with common injuries, including head injuries.
Changing adolescent body	<p>Pupils should know:</p> <ul style="list-style-type: none"> • key facts about puberty and the changing adolescent body, particularly from age 9 through to age 11, including physical and emotional changes. • about menstrual wellbeing including the key facts about the menstrual cycle.

APPENDIX 3 – JIGSAW RSE CONTENT

The grid below shows specific learning intentions for each year group in the 'Relationships' Puzzle.

Year Group	Piece Number and Name	Learning Intentions 'Pupils will be able to...'
FS1/2	Piece 1 My Family and Me!	I can tell you about my family I can identify some of the jobs I do in my family and how I feel like I belong
	Piece 2 Make friends, make friends, never ever break friends! – Part 1	I understand how to make friends if I feel lonely I know how to make friends to stop myself from feeling lonely
	Piece 3 Make friends, make friends, never ever break friends! – Part 2	I can tell you some of the things I like about my friends I can think of ways to solve problems and stay friends
	Piece 4 Falling out and bullying – Part 1	I know what to say and do if somebody is mean to me I am starting to understand the impact of unkind words
	Piece 5 Falling out and bullying – Part 2	I can use Calm Me time to manage my feelings
	Piece 6 Being the best friend we can be	I can work together and enjoy being with my friends I know how to be a good friend
1	Piece 1 Families	I can identify the members of my family and understand that there are lots of different types of families I know how it feels to belong to a family and care about the people who are important to me
	Piece 2 Making friends	I can identify what being a good friend means to me I know how to make a new friend
	Piece 3 Greetings	I know appropriate ways of physical contact to greet my friends and know which ways I prefer I can recognise which forms of physical contact are acceptable and unacceptable to me
	Piece 6 Celebrating my special relationships	I can tell you why I appreciate someone who is special to me I can express how I feel about them
2	Piece 1 Families	I can identify the different members of my family, understand my relationship with each of them and know why it is important to share and cooperate
		I accept that everyone's family is different and understand that most people value their family
	Piece 2 Keeping safe – exploring physical contact	I understand that there are lots of forms of physical contact within a family and that some of this is acceptable and some is not I know which types of physical contact I like and don't like and can talk about this
	Piece 3 Friends and conflict	I can identify some of the things that cause conflict with my friends I can demonstrate how to use the positive problem-solving technique to resolve conflicts with my friends
	Piece 4 Secrets	I understand that sometimes it is good to keep a secret and sometimes it is not good to keep a secret I know how it feels to be asked to keep a secret I do not want to keep and know who to talk to about this
	Piece 5 Trust and appreciation	I recognise and appreciate people who can help me in my family, my school and my community I understand how it feels to trust someone
	Piece 6 Celebrating My Special Relationships	I can express my appreciation for the people in my special relationships I am comfortable accepting appreciation from others
3	Piece 1 Family roles and responsibilities	I can identify the roles and responsibilities of each member of my family and can reflect on the expectations for males and females I can describe how taking some responsibility in my family makes me feel
	Piece 2 Friendship	I can identify and put into practice some of the skills of friendship, e.g. taking turns, being a good listener I know how to negotiate in conflict situations to try to find a win-win solution
	Piece 3 Keeping myself safe	I know and can use some strategies for keeping myself safe I know who to ask for help if I am worried or concerned
	Piece 6 Celebrating my web of relationship	I know how to express my appreciation to my friends and family I enjoy being part of a family and friendship groups
4	Piece 1 Relationship web	I can identify the web of relationships that I am part of, starting from those closest to me and including those more distant I know how it feels to belong to a range of different relationships and can identify what I contribute to each of them
	Piece 2	I can identify someone I love and can express why they are special to me

	Love and loss	I know how most people feel when they lose someone or something they love
	Piece 6 Celebrating my relationships with people and animals	I know how to show love and appreciation to the people and animals who are special to me I can love and be loved

The grid below shows specific learning intentions for each year group in the 'Changing Me' Puzzle.

Year Group	Piece Number and Name	Learning Intentions 'Pupils will be able to...'
FS1/2	Piece 3 Growing Up	D4 - Seek out others to share experiences. Show affection and concern for people who are special to them D6 - Explain own knowledge and understanding, and ask appropriate questions of others ELG - Show sensitivity to others' needs and feelings
1	Piece 4 Boys' and Girls' Bodies	identify the parts of the body that make boys different to girls and use the correct names for these: penis, testicles, vagina respect my body and understand which parts are private
2	Piece 4 Boys' and Girls' Bodies	recognise the physical differences between boys and girls, use the correct names for parts of the body (penis, testicles, vagina) and appreciate that some parts of my body are private tell you what I like/don't like about being a boy/girl
3	Piece 1 How Babies Grow	understand that in animals and humans lots of changes happen between conception and growing up, and that usually it is the female who has the baby express how I feel when I see babies or baby animals
	Piece 2 Babies	understand how babies grow and develop in the mother's uterus and understand what a baby needs to live and grow express how I might feel if I had a new baby in my family
	Piece 3 Outside Body Changes	understand that boys' and girls' bodies need to change so that when they grow up their bodies can make babies identify how boys' and girls' bodies change on the outside during this growing up process
		recognise how I feel about these changes happening to me and know how to cope with those feelings
	Piece 4 Inside Body Changes	identify how boys' and girls' bodies change on the inside during the growing up process and why these changes are necessary so that their bodies can make babies when they grow up recognise how I feel about these changes happening to me and how to cope with these feelings
4	Piece 2 Having A Baby	correctly label the internal and external parts of male and female bodies that are necessary for making a baby understand that having a baby is a personal choice and express how I feel about having children when I am an adult
	Piece 3 Girls and Puberty	describe how a girl's body changes in order for her to be able to have babies when she is an adult, and that menstruation (having periods) is a natural part of this know that I have strategies to help me cope with the physical and emotional changes I will experience during puberty

APPENDIX 4 – RHE LINKED WITH OTHER NATIONAL CURRICULUM AREAS

Primary RHE, science, computing, DT and PE

Relationships Education		Science NC links	PE NC links	Computing NC links
Families and people who care for me	<p>Pupils should know</p> <ul style="list-style-type: none"> that families are important for children growing up because they can give love, security and stability. the characteristics of healthy family life, commitment to each other, including in times of difficulty, protection and care for children and other family members, the importance of spending time together and sharing each other's lives. that others' families, either in school or in the wider world, sometimes look different from their family, but that they should respect those differences and know that other children's families are also characterised by love and care. that stable, caring relationships, which may be of different types, are at the heart of happy families, and are important for children's security as they grow up. that marriage² represents a formal and legally recognised commitment of two people to each other which is intended to be lifelong. how to recognise if family relationships are making them feel unhappy or unsafe, and how to seek help or advice from others if needed. 	<p>Living things and their habitats</p> <p>Y2</p> <ul style="list-style-type: none"> identify that most living things live in habitats to which they are suited and describe how different habitats provide for the basic needs of different kinds of animals and plants, and how they depend on each other <p>Y4</p> <ul style="list-style-type: none"> recognise that environments can change and that this can sometimes pose dangers to living things. 	N/A	N/A
Caring friendships	<p>Pupils should know</p> <ul style="list-style-type: none"> how important friendships are in making us feel happy and secure, and how people choose and make friends. the characteristics of friendships, including mutual respect, truthfulness, trustworthiness, loyalty, kindness, generosity, trust, sharing interests and experiences and support with problems and difficulties. that healthy friendships are positive and welcoming towards others, and do not make others feel lonely or excluded. 	N/A	N/A	N/A

	<ul style="list-style-type: none"> that most friendships have ups and downs, and that these can often be worked through so that the friendship is repaired or even strengthened, and that resorting to violence is never right. how to recognise who to trust and who not to trust, how to judge when a friendship is making them feel unhappy or uncomfortable, managing conflict, how to manage these situations and how to seek help or advice from others, if needed. 			
Respectful relationships	<p>Pupils should know</p> <ul style="list-style-type: none"> the importance of respecting others, even when they are very different from them (for example, physically, in character, personality or backgrounds), or make different choices or have different preferences or beliefs. practical steps they can take in a range of different contexts to improve or support respectful relationships. the conventions of courtesy and manners. the importance of self-respect and how this links to their own happiness. that in school and in wider society they can expect to be treated with respect by others, and that in turn they should show due respect to others, including those in positions of authority. about different types of bullying (including cyberbullying), the impact of bullying, responsibilities of bystanders (primarily reporting bullying to an adult) and how to get help. what a stereotype is, and how stereotypes can be unfair, negative or destructive. the importance of permission-seeking and giving in relationships with friends, peers and adults.
